Summit Program

Breed Summits must be pre-approved by Sharon Roy (Experimental Formats Chair). to qualify as Breed Summit. Summits can include a number of Breed oriented activities which are optional, but will always include combined breed judging in Allbreed rings only. It is not required to have ALL Allbreed rings conduct combined judging, although it is recommended. If separate from the actual show, the classes must be conducted either after the end of regular judging, or by CFA judges who are not officiating at the show.

Logistics:

All cats of the breed (kittens, championship and premiership) will be judged at the same time. Each judge should mark their book in the appropriate place, and hang minimum best and 2nd best of breed in each class (kittens, championship and premiership). Club can designate further awards if desired (3rd Best, 4th Best etc). They then evaluate all the cats in the breed and award top cats over all three classes (kittens, championship and premiership) and award as follows:

0-14 entered overall: Top three

15-24 entered overall: Top four

25 and over entered overall: Top five

Club should provide a scorecard for every ring.

Optional: at the end of the show, best of the best will be awarded based on points scored in summit judging. Clubs can designate further awards as desired (2nd Best, 3rd best etc). Scoring as follows:

Best – 10 points

2nd best: 7 points

3rd best: 5 points

4th best: 3 points

5th Best: 1 point

Examples of other possible activities:

Special Evaluation classes: Cats entered separately for evaluation with written evaluation. Classes to be conducted either by a CFA judge not officiating at the show either before or during the show, or after the conclusion of regular judging by an officiating judge.

Breed Classes: separate judging and finals above and beyond the show. May be conducted

Workshop:

Workshops may run separate from the show (Friday evening, or at the conclusion of judging, or in a ring concurrent to the show. They must have an approved moderator and are required to have 6 or more cats of designated breed to qualify as a Summit. CFA judges must have completed all regular class judging if they participate in the workshop either as a moderator or as a participant.

Workshop to be held in a judging ring immediately following the conclusion of judging unless a designated ring is set up in addition to judging rings. Minimum of 6 cats required. Cats will be handled, evaluated and ranked.

Logistics

A Breed Club or show designated by Breed Council/Breed Club as summit may put on a Breed Workshop.

Each Workshop must have a moderator/instructor who is qualified as an instructor in that breed.

Workshop ring may be run at the end of the show, in a ring set up to run concurrently with the existing show or on day immediately following a CFA show.

Each Summit will have a pre-determined qualified moderator/trainer

All attendees will evaluate each cat. They will mark their worksheets and hand in their paperwork.

After all attendees have handled the cats and handed in their paperwork, the moderator will go over the cats, and then discuss each cat and results with each attendee in detail much like we already do with color class training. At the discretion of the moderator a group discussion may also be held.

After the Breed Workshop there may or may not be a breed presentation at the discretion of the moderator/club.
